

Publication of Governor's Details and Register of Interests – 2018/19

In the interests of transparency, all schools and academies should publish, including on their website, up to date details of the structure of the governing body and any committees, together with the names of their governors and their particular roles and responsibilities within that structure. This information is required for each governor who has served at any point over the past 12 months. They should also publish relevant business and pecuniary interests. This information must be published in a readily accessible form which means that the information should be on a webpage without the need to download or open a separate document.

Schools and academies should also publish an annual statement setting out the key issues that have been faced and addressed by the governing body over the last year, including an assessment of the impact of the governing body on the school.

Governing Body's Annual Statement

The Issues faced and addressed by the Governing Body over the last year were:

- Support and challenge the implementation of the new school curriculum
- Support and challenge the implementation of The Thrive Approach and Accelerated Reader
- Play a key role in work for Apple Distinguished School application
- Obtain value for money for school ICT technical support

The impact of the Governing Body on the school was:

- New school curriculum for KS1 and KS2 has been successfully implemented and continues to be monitored
- The Thrive Approach and Accelerated Reader have been implemented successfully with budgetary support. Positive impact can be evidence in KS2 reading results and Personal Development outcomes
- Our ICT Governor continues to be part of the Apple Distinguished School Application and school is making excellent progress towards that.
- Value for money was obtained by procuring a different provider for ICT technical support. A better quality service at a reduced price was obtained. This has had a positive impact on school budget and Quality of Education.
